

LOVE TO LOVE YOU

Lyrics by Miranda Benhayon – Music by Michael Benhayon

I'm moving, much closer
To a truer way of loving
Love with me, in my day
It's honouring and full of play

I'm stepping, up taller
Lighting up and glowing stronger
With all of me in my day
I can clearly see this is the way

And I now can see
All of who I am
And I'm not afraid to show it
I said, Ohhwoohoo
With all that I am
Hear me say ~

I love to love you baby
More and more each day
Living love together
We celebrate along the way
I love to love you baby
More and more each day
Our love keeps evolving
This is everything

Deepening, in me
Is the love for humanity
I have seen, this is the way
From head to toe, it's love all the way

Evolving, unfolding
Making way for true loving
For it is the way

And I now can see
All of who I am
And I'm not afraid to share it
I said, Ohhwoohoo
It's so clear to see
Our love is so grand ~

I love to love you baby
More and more each day
Living love together
We celebrate along the way
I love to love you baby
More and more each day
Our love keeps evolving
This is everything

And I now can see
All of who I am
And I'm not afraid to share it
I said, Ohhwoohoo
It's so clear to see
Our love is just so grand ~

I love to love you baby
More and more each day
Living love together
We celebrate along the way
I love to love you baby
More and more each day
Our love keeps evolving
This is everything

TRUE LIVINGNESS WOMAN

Lyrics by Michael Benhayon – Music by Michael Benhayon

Deep inside a woman is her Soul
A deeper part than even your mind will know
Day and night, make up and hair
Showing heavens curves in the clothes they wear

No need to pose in their underwear
True sexiness is not a show on Vanity Fair
So put us in a box and perform we may
Or love, deep respect, give a voice,

And hear what we will say ~

Power, Respect, Make Love, Cherish
We are full of love that you can't ignore
Big or small so much to adore
Love, Sacred, I AM, Precious
All of these things and so much more
True Livingness Woman take the floor

We can take a picture of her hair
Forgetting her beauty and the sacredness that's there
A true livingness woman you can't ignore
From her heart you will know love with no recourse

So it's time to care, time to share
Bring our strength to love & life
This woman I declare
So put us in a box and perform we may
Or love, deep respect, give a voice,

And hear what we will say ~

Power, Respect, Make Love, Cherish
We are full of love that you can't ignore
Big or small so much to adore
Love, Sacred, I AM, Precious
All of these things and so much more
True Livingness Woman take the floor

YOU INSPIRE US ALL

Lyrics by Michael Benhayon – Music by Michael Benhayon

I used to live life running away
Couldn't believe that true love would stay
Going from here to there just to escape
Couldn't shake the feeling of my own dismay

But that's when you walked in the room
With a stride such a delicate groove
Impossible to look and ignore
A worldly statement when you walk through the door

You don't need to do anything that will make me see that
You're the real thing I am sure
Cause you sparkle, you shine, head to toe so divine
Everyday you inspire us all

I used to think that life wouldn't change
They say that people all just stay the same
Find your groove and never change your way
Walking lonely in the stride of the day

But then you walked in the room
A breath of fresh air through the fumes
Impossible to look and ignore
Stand your ground as you walk through the door

You don't need to do anything that will make me see that
You're the real thing I am sure
Cause you sparkle, you shine, head to toe so divine
Everyday you inspire us all

On the phone, on your own, in your stare, brush your hair
Oh you inspire us all

Sitting here, walking there, tie your shoes, everywhere
Everyday you inspire us all

On the train, cross the plains, night & day, lead the way
Oh you inspire us all

Sitting here, walking there, tie your shoes, everywhere
Everyday you inspire us all

STRONGER

Lyrics by Emmalee Benhayon – Music by Michael & Emmalee Benhayon

I thought that I should just carry on
With hopes and dreams of days so long
Not living up to what I knew is true
Just wishing dreams would come through

When I looked outside all I saw was grey
All of life's colours washed away
Thought there must be more, more to you and me
So I looked inside, I looked deep within

Oh but now I see with eyes bright and clear
All life's hopes and dreams left behind ideas
Cause I've found within, yes I've found inside
In my heart I know I am stronger

I Am Stronger
I Am Stronger
I Am Stronger
I Am Stronger
Stronger, Stronger
In my heart I know
I Am Stronger

Now I see today the rain washed away
All life fresh and new, all I felt was true
Now the clouds have cleared, sun's light shining through
In my heart I know I am stronger

In my eyes, in my smile
When it rains, the light shines inside
Never giving up on what I know is true
In my heart I know I am stronger

I Am Stronger
I Am Stronger
I Am Stronger
I Am Stronger
Stronger, Stronger
In my heart I know
I Am Stronger

HEAVEN'S STAIRWAY

Lyrics by Michael Benhayon – Music by Michael Benhayon

If you look out far at night you will see
That it's written in the stars
A love so destined to be you will know
A light within the dark

We are lighting the way, light the day
You and I we will say

And if we go around the world we know
Who we truly are
Nothing to compare, nowhere
A loving memoir

Our love we share,
Billionaires in the love that we impart

From here to there,
Our light will be followed
Our true strength we share
And all will know
We are leading the way
Through the night, through the day
In our way ~ Our Love Is Heaven's Stairway

Our love is not the words we speak
It is everything that follows
No need to say again what is known
Live the love that is tomorrow

Our love we share endless flare
Knowing our love is who we are

So we stand up, stand up – For all
To show them once again
We wake up, wake up – For all
Shine a light to the end

We are living our day, light the way
Walking Heaven's Stairway

From here to there,
Our light will be followed

Our true strength we share
And all will know
We are leading the way
Through the night, through the day
In our way ~ Our Love Is Heaven's Stairway

OUR FUTURE LIVED AGAIN

Lyrics by Serge Benhayon – Music by Michael Benhayon

The constellating Hand,
Assisting us along the way
Stars casting light,
Lighting forth the way

We travel along,
Distances cast afar,
Only to return to them again,
We are circling back to our past

As our forefathers foretold
They were our future from the past
Coming around yes once again
We all will arrive, in the end
Constellated, placed together
Our living truth will live forever
All arriving in the end,
Our Past, our Future lived again.

Our family lines are clear
Truth for all to see
United by our past
The future lived again

Together as before
Assembled by His hand
To serve accordingly
In purpose with the plan

As our forefathers foretold
They were our future from the past
Coming around yes once again
We all will arrive, in the end
Constellated, placed together
Our living truth will live forever
All arriving in the end,
Our Past, our Future lived again.

Onward we move
On the great circle once again
Around and around we go
To do it all again

This time we all rise
Higher than ever before
Heaven is beneath our feet
Truth rising for all to see

As our forefathers foretold
They were our future from the past
Coming around yes once again
We all will arrive, in the end
Constellated, placed together
Our living truth will live forever
All arriving in the end,
Our Past, our Future lived again

STEP OUT FROM THE SHADOWS

Lyrics by Miranda Benhayon – Music by Michael Benhayon

Step out from the shadows,
Step into the light,
Come out from the Shadows
And claim your might

It's been an age-old battle,
Since the start of time
Falling for the shadows,
Seeking refuge from life

There's no truth in the shadows,
Even if they cast as light
There's no truth in the shadows,
For they are void of Light

Step out from the shadows
Step into the light,
Come out from the Shadows
And claim your might,
Right now is the moment,
Let truth ignite
Once out from the shadows
Feel free to shine

Once out from beneath the shadows,
No longer defined by time,
Standing up in true reflection,
For all others in life

Finding truth out from the shadows,
Arising the mind
Living truth out from shadows
Standing tall in the sun's light

Step out from the shadows
Step into the light,
Come out from the Shadows
And claim your might,
Right now is the moment,
Let truth ignite
Once out from the shadows
Feel Free to Shine

THE GREATEST GIFT IN THIS WORLD

Lyrics by Michael Benhayon – Music by Michael Benhayon

In our world, there are many gifts that people keep on giving
Some are big, some seem small, when compared to another's trimmings

But then there's you, opening your eyes, cheek to cheek a smile
And I can't look away, love everyday –
In you, is the greatest view, gift so true

Just like rainbows,
Or stormy skies
Never a misery,
Only the beauty in your eyes
Walking grace,
Smile on your face
Cause your love is –
The greatest gift in this world

Within each live,
There are many moments that are worth sharing
Bringing out the good, singing out the bad –
A merry-go-round of living

But then there's you, you walk on by, you take me by the hand
I can't be up or down, for I have found –
In you, the greatest friend, a gift so grand

Just like rainbows,
Or stormy skies
Never a misery,
Only the beauty in your eyes
Walking grace,
Smile on your face
Cause your love is –
The greatest gift in this world

HEAVENLY IS OUR WAY

Lyrics by Serge Benhayon – Music by Michael Benhayon

Give us a task
Give us a chore
And we do it Heavenly

In all relationships
Loving each other
May we make it Heavenly

In life and in society
All around the world, we are One humanity
In work, study and home
Heavenly is our way

Getting on with it
True living
We do it heavenly

Raising kids,
Tending to our old
May we do it heavenly

In life and in society
All around the world, we are One humanity
In work, study and home
Heavenly is our way

Give us a task
Give us a chore
And we do it Heavenly

Day and night
Moon to moon
Heavenly is our way

In life and in society
All around the world, we are One humanity
In work, study and home
Heavenly is our way

WE ARE HERE TO BE THE ONE

Lyrics by Serge Benhayon – Music by Michael Benhayon

Has anybody seen the One?
Has anybody seen the One?
Oh yeah – are you the One?

We are looking for the One
Has anybody seen the One?
Oh yeah – are you the One?

Born in this world we come
Makes you the living One
Oh yeah – the living One

Born into matter and life
The living one with all
Oh yeah – at one with all

We are looking for the One
Has anybody seen the One?
Oh yeah – are you the living One?

We are here to be the One
The living one with all
Oh yes – I hear the call

I am born to be the One
Living my all as one
Oh yeah – I am the One

We are looking for the One
Has anybody seen the One?
Oh yeah – are you the living One?

Yeah ehh...

We are looking – yeah ehh – for the One
We are lookin' for the One

We are looking – for the One
We are lookin' for the One

I am the living One
Loving with my all
Oh yeah – with love for all

I am that living One
The one that is for all
Oh yeah – the One we are all

We have found the living One
You are the living One
Oh yeah – you are the One

We are born to be the Ones
All of us are the living Ones
Oh yeah – we are the Ones

We are born to shine as One
All of us shine as One
Oh yeah – we shine as One

We have found the living Ones
We are the living Ones
Oh yeah – we are all the living Ones

We have found the living Ones
We are the living Ones
Oh yeah – we are all the living Ones

FUTURE, PAST, HARMONY ~ RENNAISSANCE MIX

Lyrics by Michael Benhayon – Music by Michael Benhayon

I look across the room and see you move
The way those hips are swaying to the groove
And there are diamonds hiding in the rough
But your reflection holds more than dusk

Cannot hide, cannot deny
What is in your eyes shows more than this life
Egyptian nights, those Persian lives?
Wherever you've been there is more I can see - So

Do you come from love or do you come from just this life
Did you travel forward or back I'm asking what's your time
When we move and dance what I know and what I see
The more I look the more I get future past harmony

Beauty not from this world not here or there
The look that's in your eyes beyond compare
And as we move and sway up and down
I feel your way is not earthly bound

No desire, one hearts fire,
And you bring to me all your past history
Egyptian nights, those Persian lives?
Wherever you've been there is more I can see - So

Do you come from love or do you come from just this life
Did you travel forward or back I'm asking what's your time
When we move and dance what I know and what I see
The more I look the more I get future past harmony

BE YOU & LIVE YOUR WAY

Lyrics by Michael Benhayon – Music by Michael Benhayon

Every time every window
Everywhere that you go
Take your time and you'll see
There is space like great seas

Every time every window
Know your truth and know your soul
Never a time when its not there
Feel your way no compare

And as you live and as you grow
There is much you will know
Live your love your true care

And remember...

Live your way
Live your day
Love in each moment til you say
I will not sway

Live your truth
Be with you
And always know you are divine
For all of time

Be you and live your way
Be you and live your way

Everywhere feel your rainbow
And in your heart is the gold
Every where you will see
There is more to you and me

Just know every night and day
You are from Heaven and it is your way
Live your heart your true care

And remember...

Live your way

Live your day
Love in each moment til you say
I will not sway

Live your truth
Be with you
And always know you are divine
For all of time

Be you and live your way
Your truth in everyday
Your heart in every way
Just live your way

Be you and live your way
Your truth in everyday
Your heart in every way
Just live your way

Be you and Live Your Way
