

Illuminate

Words and music by Carola Woods

Illuminate
Illuminare
You are a Son of God

Illuminate
Illuminare
The Light you are inside

For you can't hide
Try to deny
It never fades away

For it is always
Calling to you
Shine the light you are

Golden we are
Our shine it comes from Heaven
Lightning our way
So we vanquish the darkness

We're solid gold
Each step we take from our heart
Knowing that we
Behold the Universe

We have a might that's untold
The light that reigns within all
And it will lead home
Once more to the kingdom of Soul

Illuminate
Illuminare
In all our majesty

Illuminate
Illuminare
And ever we will see

The stars
That shine afar
Are the same as we

Universal
Forever moving in
Divine harmony
Fire we are
Our Soul is of the Heavens
Lighting our way so
We never walk the darkness

We're solid gold
Each step we take from our hearts
Knowing that we
We are the future light

We have a might that's untold
The light within us all
Yes it will lead home
Once more to the kingdom of Soul

Spoken Word
The Kingdom we seek
Resides inside
Guided by the stars
'Till we've all realised
Future light we are
Returning to Soul
Here to shine
So be the One for All

We are a might that's untold
The light within us all
Yes it will lead home
Once more to the kingdom of Soul

Illumine, illumine, illumine, illumine

Illumine, Illuminare in all, our majesty
Illumine, Illuminare live the light we are

Remain True

Words and music by Carola Woods

I Am with you
With everything that you do
Your heart is full of my Love
A Love that always remains true

I am all-ways near
With every breath that you breathe
A chance for you to feel
The depth that this Love is within you

And when I am still
I can feel my Love
And it is calling me
To return to the Oneness of All, that I know.

Remain in the light of your Love
Remain in the truth of your heart
Remain true to Love
This is who we are

For your Love will keep you strong
Yes this Love is where you belong
It is this Love
That you and me are from

And as you live
Live with your Love
Let your light shine through
Let everybody see you

We are all here
To re-connect to our Soul
And to live this way
Is my religion I now know

**I will remain in the light of my Love
I will remain in the truth of my heart
I will remain true to Love
This is who we are**

**For our Love will keep us strong
Yes this Love is where we belong
It is this Love
That you and me are from**

We have risen once again to the Call
As we walk with Love the truth of All is known
We have all returned together once again
And we bring the wisdom of Our Fiery way

As we walk together as always there's no end
To the Light we bring through every move we take
Through our bodies we can live Heaven on earth
As we return to live the way of our Sacredness

**We will remain in the light of our Love
We will remain in the truth of our heart
We will remain true to Love
This is who we are**

**For our Love will keep us strong
Yes this Love is where we belong
It is this Love
That you and me are from**

We will remain, we will remain, we will remain true x BV's until end

We live from our heart, we live from our Soul
And that is how, yes that is how we will Remain True

You Are It All

Words and music by Carola Woods

When you gonna live your Love
When you gonna live your Light
Cause it's always there for you
Your eternal loving guide

Doesn't matter how far you've gone
Doesn't matter how much you hurt
Your eternal guiding Fire
It is waiting with its warm embrace

Just know that you can find
All the Love you're searching for
Within your heart YES you are it all

And all that you ever have to do
Is stop, for awhile
And allow yourself to feel all your Love

Now is the time to start
The time is now to begin
The journey within your heart
Is waiting for your return

Time to let go of your hurt
Let go of all your pain
Allow your Love to emerge
And your Love will guide your way

Just know that you can find
All the Love you're searching for
Within your heart, YES you are it all

And all that you ever have to do
Is stop, for awhile
And allow yourself to feel all your Love

Come on and feel your love now
So you can live your love

Just know that you can find
All the Love you're searching for
Within your heart, YES you are it all

And all that you ever have to do
Is stop, for awhile
And allow yourself to feel all your Love

You are it all

What We Are Here For

Words and music by Carola Woods

There is a way that we can live again
Together in harmony
When we embrace the love we are within
We live from our hearts graciously

Can you feel your Love
Can you feel my Love
Can you feel what we are here for

It's in the smiles we share
It's in the way we care
This is what we are all here for

You are the One
We are the Ones
That bring the Light to this world
When we connect to our Love

You are Divine
We are Divine
We bring Love to this world
When we live from our hearts

There is a beauty that lies deep within
Immeasurable in one and all
From here is that our Greatness lived
In essence our Love is magical

Yes you are of this Love
We are all this Love
And Love is what we are all here for

Through the way we speak
With everyone we meet
Let us live what we're all here for

You are the One
We are the Ones
That bring the Light to this world
When we connect to our Love

You are Divine
We are Divine
We bring Love to this world
When we live from our hearts

The Love, the Love, the Love
The Love from within our inner-hearts
The Love, the Love, the Love
The Love that's needed today

All the love that you are
It is needed today
Come bring your Love
Come live your way
Come bring your Light
Come live your Love
We hold the power
To Light up the world with our Love

We hold the power to Light up the world
With our Love

One Day At A Time

Words and music by Carola Woods

Through your Grace
Through the grace of your love
I hear my name everywhere
Calling me to return
To the love that I am

And every time
I take your hand
I can feel the Divine
Igniting my way

I can feel the light
The light that we are
Spaning through time
Like the stars in the sky

And everyday
We return to the same day
So one day at a time
We can restore the Divine

It's our Way
Our original Way
Being the Light of our Soul
It is where we are from
And from here we'll return

It's revealed in the eyes
Of the brother that walk beside you
And you can feel the Divine
Is who in essence we are

You can feel the light
The light that we are
Spaning through time
Like the stars in the sky

And everyday
We return to the same day

So one day at a time
Let's restore the Divine

I Am Love

Words and Music by Michael Benhayon

Now I'm learning
And everyone should know
That this love is perfect
In every way it shows

And I've been searching
And everywhere I see
This amazing person
'Cause this greatness is in ME!

And if you wanted a sign
To show you how divine this love is
Then let me show you

Come and let's make a stance
About this inner romance
The one that shares the LOVE IN YOU!

I Am Love, I Am Love, I Am Love
I Am Love, I Am Love, I Am Love

Now I may not be perfect
But I look around and see
Nothing else that's working
Nothing as great as the love in me

Oh yes I said it
And I'm not afraid to show
That this love is perfect
In every inch and every note

No more trying to deny
There is something inside
And it's time to make your debut

Come on let's make our stance
With this inner romance
And claim that LOVE IN YOU!

I Am Love, I Am Love, I Am Love
I Am Love, I Am Love, I Am Love

Let Love

Words and music by Carola Woods

Now is the time that we all can rise
When we all can walk in truth
Now is the time for us to realise
And live the ways of Love

If we are honest about what's not true
What's not right in our lives
Then the path of true virtue
Will emerge calling for you

Let Love move you
So you can feel all the wonders you are
Let Love show you
All the wonderful ways of the heart

And from this point
We can make a start
We can bring what's real to life

And from this point
We will know what's true
And can start to live the Way

We hold the power each and every one of us
When we chose love
With that power what do you choose
When the moment returns to you? As it does

Yes we can turn around what we've lived
We can make a change for all time
Standing strong with what is true
We never stand alone

Let Love move you
So you can live all the wonders you are
Let Love show you
All the wonderful ways of the heart

And from this point
We will realise
That we are equal in Love

Yes from this point
We are unified
And that's how we all will rise

Let Love move you
So you can feel all the wonders you are
Let Love show you
All the wonderful ways of the heart

It's the wonderful way of love
We live the wonderful ways of Love
It's the wonderful way of love
We live the wonderful ways of Love

Unified by Love, We are Unified

Beautiful & Wise

Words and music by Carola Woods

Oh Soul so beautiful and wise
You will return through many lives
Until we all live realised
The Way of Love uncompromised

It's through our bodies that we learn
The Way of Love is lived for all
Our chance to live our Love so Great
Is given every move we make

Our Souls are here to light
Our way through the lives we live
We have been touched by yours
And now you return to Him

Our Light it has no end
It will move on eternally
It's by His Grace that we
All will return as needed again and again and again and again

It's through our hearts we walk the Way
Imprinting our Love throughout our days
So when we are done we leave behind
The path of Love for all to find

And so our Soul continues on
The truth of All that's deeply known
Our purpose here is to evolve
Back to the Love we all hail from

Our Souls are here to light
Our way through the lives we live
We have been touched by yours
And now you return to Him

Our Light it has no end
It will move on eternally
It's by His Grace that we
All will return as needed again and again and again and again

We leave the form that we come to
A cycle that we all move through

There's no beginning or end to us
Time marks only our futures past

Our Souls are here to light
Our way through the lives we live
We have been touched by yours
And now you return to Him

Our Light it has no end
It will move on eternally
It's by His Grace that we
All will return as needed again and again and again and again

Love Supreme

Words and music by Carola Woods

I have lived for many years
And I have walked the path
Of compromising all too much
What I felt what right

I was reaching outside of myself
To build my world
Finding that the world I built
Had only empty walls

I have found in me a Love supreme
And my world is full, so full of Divinity
And my foundations won't fall, they'll never fall again
'Cause the Love I am within reigns supreme
Ohhh...
It is also within you
'Cause we are a Love supreme)

There were times when I gave up
Succumbing to it all
The pressures from society
'Fit in' and 'do more'

Valuing all that I do
Instead of who I am
There is joy in happiness
Or without my love at hand

Now I choose the path of Love
I compromise no more
What I feel is true and real
I honor more and more

I know when my heart walks me
I'm forever strong
As I know every step I take
Is taken with the All

Only One Way

Chords by Simon Asquith
Words and Melody by Carola Woods

When will you walk with me?
Be the love that is within
Open your heart and you will feel
All that is you is for real

**There is only one way to start
To be all that you are
Only one way for you to be the love
That is who you are**

Now more than ever before
We've been given so much more
There's a world within to explore
Embraced we are by His love near and far
Open up and you will see

**There is only one way to start
To be all that you are within
Only one way for you to be
The Love that is who you are
There is only one way to start
To be the love that we are**

**Do do do do do
Look within, you will see, there is more, we can be**
