

# BE LOVE

Lyrics by Michael Benhayon & Serge Benhayon – Music by Michael Benhayon

From the leaves, in the wind  
From the trees, to their stems  
And I can feel life's life, as the rays from the sun  
Shines grace throughout me

There's a flow, through the stream  
I can hear sounds, from these things  
And I can sing with life, as the music in the wind  
Glides under me

I see the people, running around  
Not knowing where they came from, or why earth bound  
They only live for their papers, they only live for their sounds  
As it appears to be

What if there was love that came from above  
That's all we would need to lift us up  
There's no more need, no more seeds about the dove  
We can only make a difference if we speak from love  
No more stories to tell, no more people to waste  
We got to start to live from that different place  
I think its time we tell, I think its time we say  
That there's only gonna be one way

Love, Oh be love  
Let it run to your feet  
Let it flow beneath the streets  
Oh, be love

And every day, you pay those bills  
You pay the money, into those tills  
That will flow into your life, the life that you lead  
So let love be the way

I have the wings, to flow through the sky  
You have the feet, to walk the life  
Can we make the both so loving, can we make a flow in life  
And let our hearts all complete

And when the clouds do rain  
Keep your hearts lifted high  
And when you call his name

Let your voice come from deep inside, inside, inside  
And return to love

Oooh Let it run to your feet  
Let it flow beneath the streets  
Oh, be love

You can return to love , You can return to love  
You can return to love , You can return to love  
Its what we're made of

# PROMISE TO SEE BEAUTY

Lyrics by Michael Benhayon – Music by Michael Benhayon

Promise to see beauty in mountains  
And look to the valley and sea  
Promise to see love between you and I  
And feel what this love can be

There once was a valley and a sea within a cove  
Oh so pretty when the light shined from above  
Many would travel, fly high and walk so long  
Just to see the beauty of what nature has bestowed

Where do we search for answers, where we search for love?  
Surely not from mountains, seeking trees and white doves  
We need to seek the true answers, and rejoice within ourselves  
For the truth that we will find inside is the love that is our love

There lived a boy on an avenue in a street full of thugs  
He only sees beauty in the sky that is that is above  
He does not travel, but he never walks alone  
For a mother to teach of love can shine a light within a home

Where do we search for answers, where we search for love?  
Surely not from mountains, seeking trees and white doves  
We need to seek the true answers, and rejoice within ourselves  
For there's a kingdom you will find inside, a love that is our love

Promise to see beauty, promise to see love  
Promise to rejoice inside to the kingdom full of love  
Promise to see beauty, promise to see love  
Promise to rejoice within to the kingdom that's inside

# MY TRUE REFLECTION

Lyrics by Michael Benhayon & Miranda Benhayon – Music by Michael Benhayon

I've been searching for a true reflection  
And I have found that its in my connection  
I've been searching my true expression  
Making true love my only navigation

Whoa-oh-oh

I've been searching for the truth of love  
To live each day full of my love  
Can't let nobody tell me that it only exists above  
And I ain't gonna be fooled, thinking I'm alone

I've been searching for a true reflection  
And I have found that its in my connection  
I've been searching my true expression  
Making true love my only navigation

My true reflection, is my connection

I've was searching for the key to start  
Only to find that its in my heart  
My inner-most feelings will lead my way  
And through my connection I can truly say

I've been searching for a true reflection  
And I have found that its in my connection  
I've been searching my true expression  
Making true love my only navigation

Whoa-oh-oh

My true reflection, is my connection

# SMILE FROM WHO YOU ARE

Lyrics by Michael Benhayon – Music by Michael Benhayon

You can close your eyes  
And make a wish on a star  
But before you do  
Let me tell you who your are

Before there was day  
And the beauty of night's moon  
Let me tell you that  
You're great than the two

And before, I knew that love had a name  
Before I knew it was a thing  
I had the strong warmth of you

Because with you, there can be distance across the land  
But your love has no ruler's end  
But this love is not something you do

I want to thank you for who you are  
I want to thank you for shining like a star  
I want to tell you that your love  
Is there, within, your heart  
It is never the things you've done  
They've never been the reason you are strong  
It's always been the love  
That's there within your heart  
And that smile from who you are

Its in the way  
That you hold my hand  
I'm here tell you that  
Your love is so grand

No matter how much you've done  
And no matter how much you do  
There's no match for love  
So just be the love that is you

And before, I knew that love had a name  
Before I knew it was a thing  
There was love deep within you

Because with you, there can be distance across the land  
And your love has no ruler's end  
And this love is never something you do

I want to thank you for who you are  
I want to thank you for shining like a star  
I want to tell you that your love  
Is there, within, your heart  
It is never the things you've done  
They've never been the reason you are strong  
It's always been the love  
That's there within your heart  
And that smile from who you are

And with this love, you share with me  
Its easy to see, that this love has kept you strong  
And with your smile, just keep it for awhile  
And never let that love go away

And that smile from who you are

# FOREVER I KNOW

Lyrics by Michael Benhayon – Music by Michael Benhayon

I saw you once, I saw you twice, I saw you three times and four  
And when we meet my heart can be because you come from your soul  
And every now and every then I get that feeling inside  
Cause when your heart, your heart near mine says there is no time.

There's a glow and there's a scent and there's a light in your wind  
And as you breathe and as you grow there's just so many things.  
You see me low, you see me high, you see me every time  
Because your heart, your heart near mine says that there is no time.

And when, we're in, darling  
You can make the sun shine all night  
Cause when, we're in, darling  
You can make time stand on its side

One time, Forever I know,  
Forever baby I can say that I love you so.  
One time, Forever I know,  
Light the fire in my heart, light the fire in my soul.  
One time, Forever I know,  
Forever baby I can say that I love you so.  
One time, Forever I know,  
Forever babe you meet my love with you.

I see the look its in your eyes, its in your every smile  
Just like a match within a flame, you can light my soul in fire  
You see my love, you see my light, you see me every time  
And when your love, your love meets mine there is no time – because

When, we're one, darling  
You can make night shine like the sun  
Cause when, we're one, darling  
We can make time stand on its side

One time, Forever I know,  
Forever baby I can say that I love you so.  
One time, Forever I know,  
Light the fire in my heart, light the fire in my soul.  
One time, Forever I know,  
Forever baby I can say that I love you so.  
One time, Forever I know,  
Forever babe you meet my love with you

# A LITTLE WHISTLE

Lyrics by Michael Benhayon & Miranda Benhayon – Music by Michael Benhayon

Sometimes I wonder if there is a song between me and you  
There is no struggle so there can be no song about issues  
We make love in the night, we make love in the day  
We love our every single way  
And I can't think of another thing that you can do

So just, give me a little whistle honey  
Send a little whistle my way  
Give me a little whistle honey

That lets me know that you're on your way  
Give me a little whistle honey  
Send a little whistle my way  
Just another thing to feel we are great  
To feel we are great

If you listen to this song, you'll feel that it is easy to do  
To make love so simple that a single whistle can see you through  
We make love in the night, we make love in the day  
But this love that we make, we make our every way  
So I can't think of another thing that we need to do

So just, give me a little whistle honey  
Send a little whistle my way  
Give me a little whistle honey  
Just another way to celebrate

Give me a little whistle honey  
Send a little whistle my way  
Give me a little whistle honey  
Cause you and I are feeling so great  
And we're feeling so great

# JAMAIS VENDU

Lyrics by Michael Benhayon – Music by Michael Benhayon

Everyday, when I look around  
I see suffering from the past to now  
And everyday, people giving away  
All that they know and all that they say

I know there's a life, a life to lead  
I can see my way and I know how to be  
Cause I know my true home, and where I belong  
And with my own love I will keep holding strong

Cause there's a voice there saying, do not let go  
And rejoice without saying no  
And as the voice keeps saying to be open to love  
You must stand there and call out far

These pieces wont go  
And my heart will show  
And my love, will never be sold  
Jamais Vendu  
The midnight train has gone  
But my heart will always show  
And my love, will never be sold  
Jamais Vendu

People may say, that love is a dance  
But why do you suffer with each new stance?  
People may say, give your voice to the sky  
But live with each other and continue to lie

I know I can be strong, and carry on  
Holding my love in all days to come  
Cause in my heart, I know the way  
And I won't back down, I'm gonna stand here and say

Cause there's a voice there saying, do not let go  
And rejoice without saying no  
And as the voice keeps saying to be open to love  
You must stand there and call out far

These pieces wont go  
And my heart will show  
And my love, will never be sold

Jamais Vendu

The midnight train has gone  
But my heart will always show  
And my love, will never be sold  
Jamais Vendu

# A HEART KNOWS

Lyrics by Michael Benhayon & Emmalee Benhayon – Music by Michael Benhayon

Whether you come from near or far  
It doesn't matter who you are  
You won't be lonely because you'll find your way  
So don't be lonely and listen to what I say

There's something special, that's deep inside  
Just unlock the secrets behind your eyes  
It won't be long before you find your way  
So don't be lonely because a heart knows what to say

Don't be lonely, I said don't be lonely  
You know you've got to be a man  
And women you know you can't be the same  
You're both something special and must define your ways

But don't be lonely because a heart knows what to say  
It ain't no secret that a heart's divine  
So don't be lonely, kept locked in your mind  
You're something special and you'll find your way

Just be yourself because a heart knows what to say  
Don't be lonely, because a heart knows what to say  
So don't be lonely  
Because your heart knows what to say

Just be yourself  
Because your heart knows what to say

# THIS IS MY HOME

Lyrics by Michael Benhayon – Music by Michael Benhayon

I see everybody walking round  
And everybody looking down  
Not knowing what is the way  
Just trying to make sense of the day

I few believe in the hope  
And a few just trying to cope  
Not knowing where to go  
With their mind leading the show

But what if there was a way  
To shine a light within your days  
Would you be willing to let it go  
Leave your mind and what it knows

Just connect to your heart  
For that's the only place to start  
Just stop the thinking  
And let your heart be, singing along

This is my home, this is my home  
And I won't pretend that I don't belong  
This is my home, this is my home  
Cause in my heart I know that I belong

Cause in my heart I know I belong

As the people travel round  
From north down to south  
Just trying to find a way  
Trying to make sense of the day

They don't believe in love  
And they don't believe in life  
Cause they only see the stars  
In the middle of the night

But what if there was a way  
To shine a light within your days  
Would you be willing to let it go  
Leave your mind and what it knows

Just open your heart to love  
Connect and let the rest go  
And you won't believe it  
Your heart be feeling just at home

This is my home, this is my home  
And I won't pretend that I don't belong  
This is my home, this is my home  
Cause in my heart I know that I belong

Cause in my heart I know I belong

# WELCOME TO THE NEW ERA

Lyrics by Michael Benhayon – Music by Michael Benhayon

Welcome to the new era  
With future glory days  
Long enough have we taught of love  
Throughout the human race

It is a start of a new beginning  
A start of true faith  
So let your voices sing it out loud  
And let your body shake

And move, and groove  
Till we make this house shake  
Until we make the love come through  
No ado, with this new  
Your heart belongs to love  
So lets celebrate that love, in the new

Welcome To The New Era

Welcome to the new era  
With future glory days  
Can you feel it coming from the ground  
And feel it in your way  
Your heart that comes from deep inside  
Is calling out your name  
And the kingdom of divine love  
Is there for you to make

Welcome to the new era  
With future glory days  
Making loving choices all the time  
Is gonna be the only way

Never before has it been so fine  
To have joy throughout your days  
Lets not waste any more time  
And let that body shake

And move, and groove  
Till we make this house shake  
Until we make the love come through  
No ado, with this new

Your heart belongs to love  
So lets celebrate that love, in the new

Welcome To The New Era
